To Whom It May Concern:

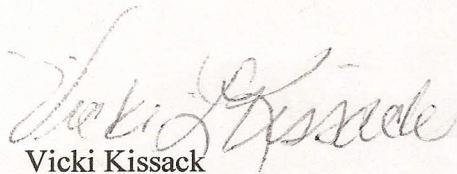

Sally Balson of Balson Bookkeeping Company, LLC, has provided services to our homeowners' association since 2006. She has been invaluable in organizing our records and finances. She helped us through two foreclosures – notifying the homeowners and filing liens on the property for delinquent assessments. Thanks to her efforts we collected all delinquent dues on one of the two units.

The Board of Directors and owners highly recommend Balson Bookkeeping Company. The service is professional and knowledgeable.

Sincerely,

President
